Supply and Fit Electric Storage Heater (Economy Seven)

10 / 10

I left a detailed message for Mr Meades on his answer phone relating to my enquiry. When he called me back he had already researched heater options and pricing for me. He seemed very knowledgeable about storage heating, came

round very quickly to consider installation options and was very reasonable with his price. He seemed very competent, polite and thorough. An amiable chap and a tidy and efficient worker that I will definately call upon again if I need an electrician. **Customer in Waterloooville, 2 February 2012**
