Tested and fixed light fittings and sockets — 10 / 10

We called and were given a time the same day for Glenn to attend. Glenn arrived on time and conducted himself in a highly professional manner. Glenn gave us a clear estimate of cost and the value for money was unbelievable! Glenn was able to do all of the work immediately. Great service and would encourage anyone to use this service. Very happy that we now have lights that work and that we have found such a good tradesman we can recommend to others. **Customer in Portsmouth, 14 May 2012**

Agreed to come on day I phoned. He worked well, told us what he needed to do. Had all own tools - even ladders. Cleared up afterwards. Was very polite. **Customer in Portsmouth, 4 May 2012**

Repaired water damaged electrics — 10 / 10

Glenn came to my assistance on the day I called him. He came at the time he stated and waited when no one was in the house. He went over and above the required work and gave me a full explanation of the work he completed with follow up advice. The price for the work was extremely reasonable and I am very happy with the work completed. HIGHLY RECOMMENDED **Customer in Fareham, 1 May 2012**
