**Fix new ceiling lights in 3 areas, install new socket extension in garage, replace blown downlighter bulbs** 10 / 10

The guys turned up spot on time, as before when I have used them. They got on with the work and cracked on until finished. They were polite and respectful of my house, putting down sheets under all working areas and tidied up before leaving. Their rates are very reasonable. They are a good local small business which I would gladly recommend to anyone. Certainly they are my number one choice for electrical work **Customer in Surbiton, 25 January 2012**
