### Most Recent Customer Feedback

#### Installation of cooker

10 / 10

This turned out to be a longer and more complicated job than anticipated due to the lack of gas supply at cooker. At all times I found the engineer to be conscientious and professional who gave me options about what the job entailed. I would definitely recommend this company and would use them again. **Customer in Horsham, 24 February 2012**

#### Installation of unvented cylinder

10 / 10

Aurel had been recommended to me by my brother who had similar work done. I had inspected Aurel's work before asking him to come and give me a quote. In addition to my brother's recommendation I found his workmanship excellent. The quote he gave me was reasonable and he was able to fit me in during a period when I would be on holiday and therefore disruption would be at a minimum. The work Aurel carried out in my view was exceptional and he demonstrated to me that he takes great pride in providing the sort of service that one expects. I will have no reservations whatsoever in recommending him to friends and family alike. **Customer in Wallington, 29 December 2011**

#### New boiler and change to combi system

10 / 10

Aurel knows his stuff, loves his work and is committed to providing an excellent service for his customers. He explained everything well but left decisions to me, worked hard to complete job in time specified and totally trustworthy. **Customer in Horsham, 24 November 2011**

#### Found problem with an actuator motor

10 / 10

Aurel was prompt, polite and confident. He found a problem that had baffled a previous heating engineer. He sorted it and left the place neat and tidy. The price charged was very fair. I would strongly recommend him. **Customer in Horsham, 16 November 2011**

**Installation of combi boiler in emergency situation**

10 / 10

From above;

1. Left the area clean (inside/out) and old boiler taken away. 2. Stayed longer after work as my mate returned home from work late. He then explained all features of the installation process. 3. Super polite and friendly chap
4. \*\*\*\*\* 5 stars installation \*\*\*\*\* 5 stars Atmos Boiler **Customer in London, 20 September 2011**
