Most Recent Customer Feedback

Wall of windows and cupboards, new porch, cupboard for meters 9.2 / 10

It was very complicated and demanding, and the work was a great success. It all looks beautiful, and has made a big difference to sound and heat insulation. We wish we had done it years ago. They took great care in problem solving and were always pleasant and cheery despite the challenges of the work. **Customer in Brighton, 7 January 2010**

Remove old boarded banister with spindles and rails 9.8 / 10

I would recommend this company. **Customer in Brighton, 23 December 2009**

Office refit, with built in desks 9.8 / 10

Completed to a high standard - considerate of environmental issues. Would recommend.

Customer in Brighton, 19 December 2009

Fitting a new door and window to make an internal porch 9.3 / 10

Very helpful and thoughtful in thinking and talking through the best solution to the requirement. We're extremely pleased with the result. **Customer in Brighton, 18 December 2009**

New kitchen, bathroom and landing window. New wooden kitchen floor and replacing of joists in the roof 9.7 / 10

I did not get a comparative quote because from the outset I was impressed with the advice and the knowledge that they had about the choices that I had and the best way of doing the work. My instinct proved to be right as I was delighted from start to finish with the professionalism, standard of work and advice that they gave me. As a result I ended up asking them to replace the kitchen floor and they even went to look at the options for me and collect the wood having told me what was the best option. Where I imagine they might have been able to cut corners they didn't for example finishing the wooden floor around the radiator and boxing in an area. They were completely reliable and left the place as tidy as they could as well as returning to complete some small finishing touches as promised.
