Remodeled en-suite bathroom

10 / 10

This is the 3rd time I have used Warren. This time I had a wet room that the previous owner had installed and it was a disaster. Leaked, water didn't run into the drain. A nightmare. Now I have a lovely newly tiled en-suite with a fabulous shower cubicle. New walls were built to help me maximise the weird shape. A great job! As always **Customer in Broadstone, 10 February 2012**

Single storey extension

Warren and his team have just completed our 4m x 9m extension. His team, good advice and attention to detail sets East 2 West apart from other builders if you want a high quality finish. Highly recommended! **Customer in Christchurch, 6 January 2012**

Renewing polycarbonate roof

10 / 10

We asked Warren for advice about the leaking roof on our sun room. We discussed various options and agreed on renewing the existing roof with additional work to prevent the leaks. The work was finished on time, and was done professionally and any mess was cleared up before they left each evening. We had a thunderstorm the night after they had finished and - no leaks! **Customer in Christchurch, 5 May 2011**
