Switch of transformer in integrated ceiling lights and new socket for washing machine 10 / 10

Mr Lowrie attended within 1/2 hour from returning my call despite it being non-urgent and a small job. I didn't reckon I would find a tradesman to attend on the very day so am very pleased with his speedy response. He also solved a problem with us not being able to connect/disconnect the electrical wire for a washing machine in the most practical manner - he added a plug and put in a new socket. I love people with common sense - wished the house builders had shown similar style! Will certainly reuse Mr Lowrie's services when the need arises. **Customer in Lewes, 15 August 2011**
