#### Front bumper repair

10 / 10

A scrape meant my front bumper was partially detached, and needed re-fitting to the car. Emailed the garage on Sunday, they called me first thing on Monday and gave me an estimate. Left the car with them on Tuesday morning and I picked it up at lunchtime (it is very handy that they are just outside the train station, so you don't have to worry too much about getting there and back, although they even offered a courtesy car whilst mine was being repaired!). No problems with the repair, which was as per the estimate. Very courteous service throughout. Expect to be using these guys for other car work going forward. **Customer in Coulsdon, 23 May 2011**

Being a ret Hells Angel ( Windsor Chapter ), and ex Pro Enduro rider ( Paris Dakar 9 times )..I was impressed, as I was spoken to as a " Professional " ..as I run a M/c Restoration firm, was lent a car for the time ..no charge, and was offered a free oil change.. as I have a heavy limp... all in all ..work that out against the agreed price... where you gonna get
