Most Recent Customer Feedback

Boiler breakdown

10 / 10

The engineer was very prompt, courteous and very knowledgeable and made every effort to get my boiler working again, which he did. I would thoroughly recommend the company and would certainly use them again **Customer in Eastbourne, 4 May 2012**

Identified Central Heating problem and replaced faulty 3 way valve. Installed 3 radiator thermostats.

9.5 / 10

Friendly and efficient service. **Customer in Eastbourne, 24 April 2012**

New heating system and various plumbing work

10 / 10

Mr Lewis was excellent with his recommendations meeting all my requirements. He was flexible and easy to get on with and did things the way I wanted them done and used the materials I asked for although some of the time, this made the job more difficult for him. He was professional in his workmanship and manner and very neat and tidy. Due to my experience, I am happy to recommend Mr Lewis to my friends and neighbours. **Customer in Eastbourne, 3 April 2012**

3 radiators removed, and new ones fitted in different positions

10 / 10

Very polite and helpful. Didn't have to wait weeks for him to fit me in his diary. Came up with an even better solution to moving the pipework than we had and it all looks great. Very clean and tidy. Would definitely use again. **Customer in Eastbourne, 27 March 2012**

Tracing fault in control to boiler, fitting new room thermostat

10 / 10

Very efficient and helpful. Also cleared small fault on boiler. **Customer in Eastbourne, 22 March 2012**
