**Replacement windows around house** 10 / 10  
Aside from the quality of the double-glazing units themselves (which is pretty much a given with any reputable company), what differentiates EWC from the competition is their efficiency, courtesy and attention to detail. From the initial 'sales and estimation' process, they were completely on-the-ball, taking on board all our requirements, understanding the specific extras we required and offering proactive solutions at every turn. Their estimate was neither the most expensive nor the cheapest, but they were THE company who inspired confidence, hence our choice. And they didn't fail to deliver. The chaps doing the installation were immensely professional and their standard of work, the neat finish, the 'masking-tape-sharp' lines and the overall solid craftsmanship further inspired confidence from the moment they started work. As a result, we have the perfect job and we are completely delighted with EWC. **Customer in epsom, 8 May 2012**
