Most Recent Customer Feedback

Two-storey extension to existing house

9.3 / 10

The work carried out was excellent value for money. We regarded the original estimate of 12 weeks for the duration of the work as optimistic and in the event it took 20 weeks. It is worth acknowledging the comment (after completion) from Kevin Churchill of Extend UK that with more proactive project management the work should have been completed sooner. Although the site was rather untidy at points during the build Extend made sure that the site was properly cleared up on completion. Several teams each with different skills worked on site and each showed different degrees of tidiness. We were particularly pleased that even after final payment had been made Extend very promptly rectified some minor issues that had cropped up. Also worthy of mention is the fact that Kevin of Extend visited the site after completion to seek feedback and to remind us that we should not hesitate to contact them if any problems manifested themselves after completion. Overall excellent value for money and very pleased with the final result although whilst going through it there were of course moments of frustration when seemingly no area was totally complete. **Customer in Chichester, 22 December 2011**

Kitchen refit and bedroom extension

8.8 / 10

Kevin was brilliant, happy to come and discuss plans numerous times before final decision. We did have quite a few problems throughout the work which caused it to go on much longer than we were told but Kevin and the team put everything right and would not take final payment until we were 100% happy. We are very pleased with the final result! **Customer in Bognor Regis, 23 September 2011**

Double side extension in Seaford East Sussex

10 / 10

Kevin's quote was the cheapest out of six which did make us wonder if we were doing the right thing, but we certainly needn't have worried. He said it would take about 10 weeks in all which it did and we added other jobs as well which was brilliant. Kevin and all his team were on the ball the whole time. There was always someone working at all times, only one day lost through rain. If we had any queries or problems they were dealt with straight away. All the guys were very friendly and we had plenty of laughs which made it easier for us to leave them at any time, and they made sure that the house was secure if we were not back when they left. We would definitely recommend Kevin and his company.

Single storey extension

9.5 / 10

Extend UK gave a competitive quote for the work and completed it to a good standard. The end result is great. The work went slightly over the projected timescales - this was partly our fault for changing the scope. The builders were excellent and we are really pleased with the outcome. **Customer in Horley, 31 May 2011**

Brickwork and Groundwork on Various Projects

10 / 10

I have worked alongside and with Extend UK Ltd for a number of years and would have no hesitation in recommending them for building projects. I always find them to be very helpful and extremely professional and hope that we continue to do business together. **Customer in Eastbourne, 8 May 2011**
