Service on a combi gas boiler

9.8 / 10

The engineer arrived on time, was friendly and completed the work at a good price. As the boiler is quite old he was happy to talk through possible options if it needed to be changed but with no hard sell involved, just some useful information about pros and cons of when and what to change. I have used this company before and will certainly be using them again in the future. Very staisfied with the service they offer. **Customer in Guildford, 3 May 2012**

Replace hot water cylinder and re-route pipe work.

10 / 10

Prompt response, clean, helpful and already recommended to neighbour. **Customer in Dorking, 25 May 2011**

Boiler service, water filter.

9 / 10

Always reliable, always accommodating. **Customer in Woking, 25 March 2011**

Central heating pump replacement

9 / 10

Completed job in a timely manner. Had to call them back to seal a leak on a joint, to which they attended promptly. Leak still not sorted and had to be called back again. Replaced an old leaking valve for free.

Not easy to contact - some numbers on invoice unobtainable. I felt that the labour charges were expensive.
