Most Recent Customer Feedback

Fitted Worcester 15Ri boiler and indirect cylinder

10 / 10

They did an excellent job and the work was completed in 2 days. They were always polite and kept me informed about each stage of the work. I would have no hesitation in recommending them. **Customer in Crawley, 20 April 2012**

Install Worcester Combination boiler

10 / 10

All work was carried out as expected with minimal disruption. A detailed explanation of how the boiler worked was given and also the chance to upgrade the size of original boiler chosen to give greater benefits. Very pleased with all work carried out **Customer in Crawley, 18 April 2012**

Redesign, fit and tile bathroom

10 / 10

All work was carried out as explained and was done to a very high standard and excellent finish. The guys were very professional and polite at all times and every evening all tools were packed away and the house hoovered through. They covered carpets to protect them from dust and moved any items that may have been in the way otherwise. All old bathroom furniture was disposed of by them. Extremely happy with the end result. **Customer in Crawley, 18 April 2012**

New radiators, new boiler and tank.

10 / 10

Great price for the work done and equally as important a friendly and reliable team. Clean, honest and affordable, definitely recommend and will use again for other work. **Customer in Crawley, 6 March 2012**

Remove old boiler and tank and replace with Combi Boiler

10 / 10

Charlie and his team did a great job in installing our new combi boiler. We were expecting a few days without hot water/heating, but they completed all the work in one day meaning that we weren't inconvenienced at all. They left our house cleaner than when they started! We were charged exactly the amount of the quote, even though the quote was a few months old. Highly recommended. **Customer in Addlestone, 1 March 2012**
