#### Installation of New electrics in Warehouse including 3-phase. 10 / 10

There is absolutely nothing one can say to criticise this company, nor it's owner, James Mardell, and his terrific colleague, Lewis. If you need any electrical work undertaken call in these boys.....you definitely will not regret it!! They are head and shoulders above any other electricians I have ever dealt with over the years. Highly recommended! **Customer in Chichester, 27 April 2011**

#### Diagnosed and fixed problem with electric oven, also changed bulb and cover that had blown.

#### Diagnosed and fixed dimmer lights 10 / 10

Cannot fault. Very knowledgeable helpful friendly and very reasonably priced. Even put poly filler around the dimmer lights which had been left unfinished from the builders. As a woman living on my own, I was worried about who to call and to be honest was a bit cynical about feedback, but I really couldn't be happier. Fantastic. Thanks guys **Customer in Chichester, 26 April 2011**
