Most Recent Customer Feedback

kitchen extension, driveway, creation of downstairs toilet, conservatory 10 / 10

Derek and his team arrived promptly every morning and in spite of some appalling weather the work was completed within the time specified. The follow up has been excellent to ensure I am completely satisfied. At all times the work was done with cheerfulness, consideration and politeness. I would certainly have them to do any other work.

Single story extension 9 / 10

Very happy with the work done, the team that worked on the build from start to finish were efficient and professional.

Refit of Two Bathrooms and Installation of a Water Pump 10 / 10

This is the third time we have used Derek and his team and for very good reason. Yet again the work is outstanding, the team lovely and it all came in on budget and on time. When there was a slight problem with one of the showers, Derek was around straight away and fixed it there and then. I cant recommend them highly enough!

Fitted kitchen/granite worktops 10 / 10

This was a tricky job in a quirky period property where nothing was square or flat, but Foundation Building have worked miracles to produce a beautiful kitchen. Excellent value for money and high quality workmanship from a friendly, polite and good-humoured team who arrived on time every day and always left everything clean. I would not hesitate to recommend this company and will be using them for all future jobs in my home.

New kitchen and bathroom and walls re-plastered. Plus some electrical work 9.5 / 10

Derek and his team have been great!

We're absolutely hopeless on the DIY front and they have been extremely helpful and flexible with all the jobs they have done for us.

I would recommend them to any of my friends or family.
