Most Recent Customer Feedback

Building

9.5 / 10

I would recommend this company. **Customer in Southampton, 9 January 2012**

Replacement of two windows

10 / 10

Derek and some of his team came to replace two upstairs windows which we wanted to match to those he installed during extension work during late 2007. Again excellent service, very prompt delivery of goods, wonderfully non-disruptive installation - almost didn't realise they had been put in, brilliantly tidy. All we need to do now is think of something else he can do. **Customer in Eastleigh, 7 November 2011**

Single storey extension

9.3 / 10

The job was completed satisfactorily, when ever we had problems these were rectified without trouble. Derek is very approachable and was on site every day for any concerns we had and was flexible to our needs. Glad we chose this company as work was completed to satisfaction. All the workers were very polite and we had no worries about them being on our property even when unattended. **Customer in Eastleigh, 25 October 2011**

Loft conversion and small extension

10 / 10

We have turned our 2 bedroom bungalow into a 5 bedroom dormer and slightly extended to the rear. We originally chose Derek as he presented himself as a pleasant and honest man who we felt we could work with in our first major build. Derek and his team were brilliant from the start. They were all very polite and extremely hard working. They were generally there at 7.30 every day and worked through until about 4.30. The plumber and carpenters he used were excellent also and all really nice people and very accommodating when we had changes of plan. The most important thing to us was that we had to leave our door key with Derek's team whilst we were at work. We did this with no worries or reservations at all as everyone was utterly trust worthy and the nicest people you could hope to do business with. We will certainly use Derek and his team again on our next project. **Customer in Eastleigh, 15 June 2011**

A single storey extension (c.30 sqm family room) with breakthrough into main house and in stallation of toilet

10 / 10

Derek was brilliant to deal with both before we awarded the contract, and during the work. Before we awarded the contract he was very helpful in terms of amending estimates as we defined what we were looking for and providing wider advice. When the contract was awarded the people Derek used were always on time, polite and above all good at what they did. We have a 5 year old and so it was important the people Derek used acted in the right way - which they did for the whole duration of the project. Everyone Derek used both his own staff and subcontractors were first class and I couldn't fault anything that was done. Derek was always on site at the start of every day and spent time saying what was going to be done and had discussions on questions / concerns we had and responded immediately and professionally to everything. The finished extension is brilliant and has transformed our house from outside and inside. I would recommend Derek to anyone without hesitation. **Customer in Stockbridge, 9 June 2011**
