Renovation of hall and creation of guest bedroom and en-suite. 10 / 10

We were delighted with Michael and his team's work. They were a pleasure to have on site and nothing was too much trouble. Their craftsmanship and attention to detail was excellent and we are thrilled with the end result. The costing was exactly as expected from the original quote. We would have no hesitation in using them again or recommending them.

Single Storey Kitchen Diner Extension and Kitchen Fitting 10 / 10

Frosty's are everything you'd hope a Builder to be. Extremely tidy. Professional. Hard working and most importantly great craftsmen. They kept to the quoted budget and time frame agreed. Mike and his team are friendly and take great pride in everything they do. They were mindful that they were in our home and even put up with our 3 year old's endless questions! What I really liked was that Mike didn't just blindly follow our design and/or specification. If he had a suggestion as to how to improve things he'd offered it up, and it would always be for the better - and that didn't mean at extra cost either, sometimes it was cheaper. They also went that extra mile. For example: when re-laying our garden paving they made it look better than before. Just the perfect builders, really. Very reliable, very honest and very good.

Extension of porch 10 / 10

Excellent work and on price. The job was relatively small but included brickwork, slating and woodwork. I would have no hesitation in using them again. Tidy and professional. **Customer in Horley, 22 October 2009**

make kitchen diner by removing wall and re structuring internal lay out. 10 / 10

This company is exceptional. We have recently moved into the area and didn't know the local builders and trades people. We were so pleased with the work carried out and the professional approach Frosty's adopt. We will definitely

be asking them to quote for other work we need doing and would highly recommend them to anyone. **Customer in Horley, 10 July 2009**
