Most Recent Customer Feedback

Service Boiler — 10 / 10

I've used Glenn before and this is the second time he has serviced my boiler. Friendly, professional service - at a good price. **Customer in Brighton, 21 December 2011**

Replace old boiler with new boiler — 10 / 10

Excellent job done, would definitely use them again - very happy with new boiler and with service, plus all tidied up brilliantly when done. Thanks a lot! **Customer in Brighton, 17 November 2011**

Replace kitchen mixer tap — 10 / 10

This is the second time I have used their services as I was very satisfied with some previous work Glen did fixing a leak from the toilet cistern and replacing a faulty flush system. On both occasions he charged less than I was expecting for the time he put into the work. I would not hesitate to use them again and would happily recommend them to friends. **Customer in Brighton, 7 November 2011**

Install new central heating system and remove old pipework — 10 / 10

Really friendly, knowledgeable, honest, hardworking guys. Their quote was much more competitive than another company. I would definitely recommend them. **Customer in Brighton, 26 September 2011**

Replacement Boiler — 10 / 10

This is the second time I have used G&M Plumbing in the last 12 months and can highly recommend them. The boiler was fitted on the date requested and the price was held even though the estimate was given four months prior to the installation. Mark and Glenn are very knowledgeable, friendly and courteous and I will certainly be asking them to service the boiler when the time comes. **Customer in Brighton, 9 May 2011**
