### Most Recent Customer Feedback

#### Trace fault to light fitting and fit two new lights

10 / 10

We were grateful to have our lights working on the same day that we made contact and the work was neatly carried out at a reasonable rate. We will definitely recommend them and will use them again. **Customer in Tadworth, 19 April 2012**

#### Fitted new Consumer Unit and additional electric sockets

10 / 10

I can definitely recommend Graham. Very professional in his approach which instilled confidence. Work carried out by Graham and his apprentice in a very confined downstairs cupboard without complaint. As a result he will be carrying out work for us in the near future. **Customer in Epsom, 2 April 2012**

#### Rewire of two bed flat.

10 / 10

Excellent people excellent job, very very tidy and polite, good value as I have been quoted £1500 more from two others. **Customer in London, 28 March 2012**

#### Electrical inspection and report

10 / 10

Graham was on time and delivered the report the same day. Was very knowledgeable about modern regs. A gent who I will be contacting on the next occasion I need any electrical work done. Cheers Graham **Customer in Epsom, 15 March 2012**

#### New circuit breakers, periodic test report, new light, traced faulty cable etc

10 / 10

This was the second job Graham has done for me. He has updated the consumer unit with the latest rcb's which means I don't have to have earth wires attached to pipework in the bathroom. During the whole house test he discovered that my new immersion heater was out of date before it was fitted ! A very satisfactory and fruitful couple of hours. I can definitely recommend Graham. **Customer in Leatherhead, 20 February 2012**
