### Most Recent Customer Feedback

#### Diagnosed desktop PC fault and sourced and fitted replacement power unit 10 / 10

Really pleased with everything. Came to our home on the same day as contacted - despite heavy workload, he was happy to come at 9:00 in the evening (having checked with us first). Quickly diagnosed fault and returned the same week to fit replacement part, minimising our PC down-time. Good service, polite, tidy, and good value. **Customer in Fleet, 8 March 2012**

#### Slow computer 10 / 10

Had been having really bad problems with slow computer, Gary came round and added more memory. Since the work was done computer has been so much faster and no more nasty "Low on memory" messages. Very satisfied. **Customer in Aldershot, 6 March 2012**

#### Installation of new computer 10 / 10

Gary helped to recommend a suitable choice of computer, which he fully installed, and explained anything I was uncertain about as he went along. Friendly, reliable, efficient service, at very reasonable cost, I would recommend. **Customer in Farnborough, 2 March 2012**

#### Resetting home computer 10 / 10

Very efficiently done by Garry. **Customer in Aldershot, 7 November 2011**

#### Helping solve problem of slow computer 10 / 10

Helpful in arranging prompt visit, knowledgeable and efficient work, helped me to understand what the problem was and the extent it could be resolved, made a number of suggestions as to options. Outcome is a substantial improvement in speed. Charged at hourly rate agreed, and tended to underestimate time actually spent. Very satisfactory overall.
