New Kitchen

10 / 10

What a pleasure it has been dealing with a professional and honest man. Graham project managed the installation of our new kitchen. He advised and made recommendations throughout the project. Our kitchen is very large with some unmovable obstructions and Graham was able to plan and make alterations accordingly. He also coordinated a plasterer, electrician and gas fitter who all turned up on time. Graham laid a problematic slate floor to perfection!! Graham has proven to be punctual and very reliable. We were looked after as customers making sure we were happy every step of the way.

WE HIGHLY RECOMMEND GRAHAM :) **Customer in London, 19 March 2012**

Kitchen boiler boxed in and further kitchen amendments

10 / 10

Mr Simpkins quoted very promptly and gave an honest, realistic fully detailed competitive quotation. The job involved a complicated boxing in of a boiler to match other units and further amendments to the kitchen left by the previous fitter. He was always on time, talked through some of the difficult aspects of the job and was very pleasant to talk to. We would definitely recommend Graham without hesitation and will ask him for assistance in the future. If only he had fitted our kitchen in the first place! **Customer in London, 26 January 2012**
