 Purpose accomplished. Bonus too, as landscaping enhanced flower beds very decoratively. Congratulations to Neal and his team. **Customer in Chichester, 4 May 2012**

Clearance of area originally used for carparking, installation of gravel garden and water feature, rebuilding in stone raised border. 10 / 10
 The boys worked incredibly hard, once in pouring rain. Literally tons of material were removed, the area levelled, a new path and raised border constructed. Tons of earth were replaced, levelled and covered in pea shingle. Borders were dug in solid clay. Two huge climbing roses were removed from an adjacent wall. A hole was dug for a water feature, and a very tidy electrician arranged power. It was certainly value for money. **Customer in Chichester, 15 March 2012**

Old Garden Ripped up new garden made 10 / 10

Garden art have completely transformed our disgusting old garden into a beautiful child friendly space, giving us exactly what we wanted. The team were brilliant the whole way through the project answering any questions I had, building a step we hadn't originally asked for and keeping the garden as tidy as possible for the duration. My husband was away for the majority of the project and as a woman on her own with 2 young children the guys were polite, friendly and unintrusive. We wouldn't hesitate to use or recommend Garden Art to anyone. Thank you so much boys! **Customer in Liss, 14 March 2012**
