### Most Recent Customer Feedback

#### Re-modelling existing decking 10 / 10

Richard cleverly re-modelled a section of our existing decking as we had replaced our garage with a new building so part of our deck needed to be lowered. It was a tricky job but Richard performed miracles with it. He is very friendly, hardworking and cleared away all the rubbish created which was a real bonus. I would definitely use him again and would highly recommend him. **Customer in New Malden, 16 April 2012**

#### Jet washing decking. Also levelling of uneven land , covering with membrane and bark chips and planting up 10 / 10

Richard is hard working, friendly and helpful. He has a creative streak which he used to good effect in the planning of our new garden area. We are very pleased with the work he has done . **Customer in Surbiton, 9 February 2012**

#### New rear and side fence. Removal of concrete base and creation of flower bed 9.8 / 10

Good advice during the initial consultation. Work tidily done and the fence looks very nice. Was willing to cut a concrete base down to requested size and advise on brands of shed. Was let down by late delivery from his supplier, but Richard was always on time and kept us informed. **Customer in Teddington, 17 January 2012**

#### Shed roof - new felt roofing fitted. Fence posts repaired and strengthened 10 / 10

Richard was polite, punctual and tidy in his work. The jobs were completed to a high and very satisfactory standard - I will gladly recommend him **Customer in Kingston Upon Thames, 14 January 2012**

#### Fitting concrete fence spurs and refitting existing fence panels 10 / 10

Suggested different method of repairing garden fence that had been blown down in high winds than other people who quoted. Did the job efficiently without mess or damage to neighbour's garden, all done in a few hours. **Customer in Surbiton, 6 January 2012**
