#### One roof tile replaced following loss in high winds

10 / 10

Very small job which was not urgent, happy that he fitted in when he had time. Price charged was reasonable.

#### Repairs to leaking roof

10 / 10

I asked Garnett Roofing to investigate a leaking roof and was very pleased with their work. A problem with missing and broken tiles was identified and repaired during the initial inspection. For the main repair, I was shown photographs and had the cause of the problem clearly explained before the repair started, and was shown photographs of the completed work. I'm very happy with the work that's been done, and the price that was charged, and wouldn't hesitate to recommend this company. **Customer in Petersfield, 13 January 2012**

#### Repairs to flat roof, ridge tiles, and roofing tiles

8.8 / 10

Very impressed with commitment to get the job done. Some initial problems with sub-contractor overcome and extra staff brought in to recover programme. Unexpected problems in attic promptly addressed, as were subsequent "snagging" items. Staff very hard-working and polite. All work was to a high standard and carried out within original estimate. No hesitation in recommending this firm. **Customer in Chichester, 19 October 2011**
