Most Recent Customer Feedback

Enlargement of fireplace and fitting of a wood burning stove 9 / 10

We had to change the times of work to fit around the other work being done in the room and they were always helpful - they suggested other very reliable workmen and sources of material. **Customer in Hassocks, 14 January 2012**

Opening up of a fireplace and installation of a wood burning stove 10 / 10

Roger came to review our site, talk through our requirements and I was impressed with his attention to detail and expertise in the look I was trying to achieve, he gave me a lot of confidence. Roger explained the steps required for the job, everything happened as predicted, including accommodating some additional plastering work next to the fire alcove which I had not originally asked for. Rob (in Rogers Team) took a tremendous amount of care in covering our wood floor to avoid damage and coping with my obsessive eye for detail re the positioning of the granite hearth and stove itself. I cannot recommend this company enough, an absolutely outstanding quality of service, customer care, the finished result looks stunning and superb value for money. **Customer in Lewes, 29 November 2011**

Fitted wood burning stove with external flue system 9.8 / 10

The guys did a fantastic job of fitting my wood burner and flue. The standard of work was very high, and I would not hesitate to recommend them. **Customer in Haywards Heath, 10 November 2011**

Removing old fireplace and fitting new one 10 / 10

Roger was really helpful before I even hired him to do the job re advising which type of fire would be best, etc. On the day they got on and did the job efficiently and cleared up well. Sorry can't remember the name of the lad working with him but he was really professional too. Great job and really pleased with the result. Wouldn't hesitate to recommend.
