Conservatory/extension

This was a professional job from start to finish. Grahams quote was realistic and fair and he arrived on the day and time agreed weeks before hand. Everything and everyone turned up on time and we were kept well informed of what was going on and any problems. They even worked through torrential rain to keep the early part of the job on schedule, when many would have given up. Any changes were discussed and agreed, and extras were priced fairly. We have a high

quality conservatory delivered on time, to budget and at a competitive price. We would happily use GBF construction again and have no hesitation in recommending him and his team to others **Customer in Redhill, 10 October 2011**
