#### Re tile and fit new Kitchen

10 / 10

I interviewed George and all prospective fitters before deciding on which quote to accept. George came across as extremely competent and knowledgeable and also the most personable of all those I interviewed. I'm an engineer with very high standards and George's workmanship, manner, reliability, tidiness and reliability were faultless. He managed to complete the work within the required time, even working later than expected when our requirements and additional work meant he would have possibly finished the job later than expected. He fitted in well and contained the work area to cause us minimal disruption. I would thoroughly recommend George Guillen to any friend as I trust he would do an excellent job. **Customer in Portsmouth, 18 January 2012**

#### Old bathroom gutted and refitted entirely with a shower.

10 / 10

An absolute delight to have George working in the house. Excellent standard of work, could not be faulted. George kept us fully informed about what he was doing at all times and made numerous very helpful suggestions. Nothing was too much trouble for him. We have asked him to come back to renovate our cloakroom. We would recommend George without a moment's hesitation and, were it possible, we would have given him higher scores of 10! **Customer in Emsworth, 5 November 2011**
