Most Recent Customer Feedback

New boiler, header tank, hot water tank and programmer / thermostats

10 / 10

Fitters arrived on time and were very pleasant. They have done a great job for us and left us with no mess. Very fast workers, and were finished in one and a half days. Many thanks. **Customer in Gravesend, 26 January 2012**

Rectify noise and one leak on central heating system

10 / 10

Excellent tradesman, diagnosed both faults promptly and accurately, effected fixes with minimum fuss/ disruption. **Customer in Staines, 30 November 2011**

New Boiler fitted. Replacement of all radiators

10 / 10

Work carried out on time, on budget, quickly and courteously. We raised some minor issues regarding placement of radiators (not helped by us not being able to be on site due to work commitments). These concerns were rectified without fuss. I have never come across a firm which replied so quickly and dealt with amicably all and every email sent. From start to finish we felt in safe hands. Have had other professionals comment on the neatness and quality of soldering. Have received confirmation direct from Valliant that the 5 year guarantee has been registered by the fitter and have received the required Gas Safe Building Regulation Compliance Certificate. Would recommend without hesitation. **Customer in London, 8 August 2011**

Complete new heating system (boiler, hot water tank and pipe work)

10 / 10

Excellent staff couldn't fault anyone and we had 6 employees through the house at different times. The installers worked very hard over a 3 day installation and were very polite and tidy. Removed all the old pipe work and wiring and made good any holes made in walls. Would not hesitate to recommend them to anyone **Customer in London, 1 June 2011**

Boiler installation.

9 / 10

Years of wonderful service. **Customer in Richmond, 1 May 2011**
