Car valeted

10 / 10

I have had my car since July and have two dogs and 2 very young grandchildren as constant companions so my car was absolutely filthy, dog hairs, sticky fingers etc. John and his lovely wife worked on my car and when they had finished I was invited to inspect their work, I was shocked, it looked like a brand new car, not a hair in sight. I would and indeed will recommend them and without a doubt I will use them again. **Customer in Chichester, 5 January 2012**

Estate car valeted.

10 / 10

This is the second time I've used GCV and am extremely pleased with the service they provide. As I own a big dog there are lots of dog hairs inside and the outside gets very muddy. I don't have hard standing 'off road' to clean the car so they collect and deliver. The car is returned looking as good, if not better, than new. I would thoroughly recommend this company to anyone wanting top quality service and value for money. **Customer in Littlehampton, 13 December 2011**

Diamondbrite treatment to new Skoda Superb

10 / 10

John and Diana performed an excellent job on my new Superb which was no surprise as they have undertaken two other jobs this year. They turned up early again (good news) on a very cold morning and cracked on with the job until done. The finished product is great so it's up to me now to maintain this look. They will be back in a couple of days because I hadn't bought my new car mats by the time of their visit. This shows their desire to perform a complete job. I highly recommend them to anybody who needs similar treatment or a good valet. **Customer in Littlehampton, 5 December 2011**

Car valet, inside and out

This trader has given an unloved 14 year old car a much needed valet, inside and out. It now looks cared for. Thank you. **Customer in Littlehampton, 19 November 2011**

Car valet

10 / 10

I am a bee keeper. Over the year I have nearly trashed my husband's Galaxy 7 seater car. Bees, swarms, hives, honey, sticky propolised frames. My apology to him was to have the car valeted at the end of the bee 'season'. What a transformation! He was thrilled to get a spotless, fresh smelling, new looking car back. I am forgiven...

And a big thank you to 2 lovely hard working people. I gave you a challenge, I know. And I will be back next year, with more abject apologies for the task I present to you.... **Customer in Burgess Hill, 12 October 2011**
