Plastered, coved, took down walls, re-built and made good. 10 / 10
 Graham's experience and ability to advise, guide and carry out the work was invaluable as we moved into a property which required almost every room to be re-plastered following a re-wire and general removal of some of the internal features and walls. He took the time to recommend some alterations and was able to complete all the work over a 2 week period. Throughout the job he was punctual, totally reliable and courteous. The quality of his work was outstanding (and was admired by other trades as they carried out other work in the property). He was fair, honest and required no money up front. Graham kept us fully informed on cost to allow us to budget accordingly. I would recommend him highly and will definitely use him in the future. **Customer in Fareham, 12 December 2011**

 Graham came and sorted out the dodgy plastering in our newly built extension. He was very reliable, friendly and his colleague was the same. It was a pleasure to have them working in the house. I will definitely be using Graham again and will have no hesitation in recommending him to family and friends. Thank you Graham and Marco. **Customer in Fareham, 9 December 2011**
