Carpet repair (patch) and clean of lounge and office 10 / 10

Paul patched the carpet with some cut offs we had left over from the original fitting and we can barely see the join. He then went on to clean the entire downstairs carpet. The end results are excellent. We have a fresh smelling carpet that looks near new. Quite an achievement given that it's been home to a White German Shepherd for 3 years! What's more, he was careful to give us the correct advice about what we could and couldn't move back in to the room by way of furniture, until it was dry. And in actual fact the drying time was minimal due to the time taken to place a dryer in the rooms, knowing that we needed to get the office back up and running ASAP. We will not hesitate to use Great Choice again and recommend them to our best customers, friends and family. **Customer in Wimborne, 27 January 2012**
