### Most Recent Customer Feedback

#### Replaced garden fence

10 / 10

I watched the team working in my neighbours property and was impressed at their diligence and high standard of work, often in appalling weather conditions. Chris and Andy subsequently came and replaced a long garden fence for me and I am delighted with the result. They also broke down and removed a large workshop for me which was not part of the original project. All 3 are very personable and a pleasure to have working for me and I have no hesitation in recommending them. **Customer in Southampton, 6 March 2012**

#### Garden landscaped and patio built

10 / 10

We were very very impressed with the work completed. We had garden party plans drawn up by a third party who recommended Green Retreats. The quality of the work was excellent and we were consulted during the whole process for any changes to the original plans were discussed with us and their suggestions were right. We are now really enjoying the garden and would recommend Green Retreats. They are busy and you may have to wait longer than you would like for them to be available but it is worth the wait and you can have peace of mind that the job completed will be to a very high quality. **Customer in Southampton, 28 February 2012**

#### Widening of gravel drive to house and carport with new lawn and borders

10 / 10

This was our second experience of Green Retreats and the standards are still exemplary. Richard and Chris have once again worked wonders and left us with a much more useable and attractive area. Thoroughly recommended. **Customer in Southampton, 10 February 2012**

#### New patio extending right around Detached Bungalow

10 / 10

We had some reservations about having this work done in the dead of winter but it turned out to be the ideal time. It is now ready to be enjoyed in the Spring. Richard, Chris and Andy are excellent at their Job and work very hard to obtain the best result. Thoroughly recommended **Customer in Southampton, 9 February 2012**

**Car port footings and tidy up surrounding area**

10 / 10

Green Retreats did a really good job for us during March/April/May of 2011 transforming a large part of our back garden. They were given the opportunity to quote for the twin car port footings and surrounding work at the front of the house. Their quote was acceptable and then they had to dove-tail their work with our Oak Frame Contractor and deal with Building control throughout the process. Everything went to plan even through some challenging weather conditions. They consulted with us throughout and came up with sound advice. Richard and Chris and the team can be totally relied on and service levels go beyond call of duty(looking after dogs, signing for parcels etc while we were out!!!!) 100% recommend them. **Customer in Southampton, 22 December 2011**
