As part of an on going self build using main contractor GT Contractors have completed the next phase of a large 3500 sqft house, stable block and garages. **Relaid patio and paving in rear garden** 10 / 10  
GT Contractors have previously worked for us - painting the outside of the house and replacing a section of roof, so we were confident in asking them to replace our rear patio. The boys worked really hard to complete the work to a very high standard and left everything in a clean and tidy condition. We are very pleased with the finished job and wouldn't hesitate to recommend their services. **Customer in Brighton, 5 March 2012**
