### Most Recent Customer Feedback

#### Rat Eradication

10 / 10

We had a continuing problem with a sewer drain and a rat hole. A repair had been carried out but the rat problem continued. Paul Batts (Guildford Pest Control) arrived within the specified time and went down the drain, identified the problem, sealed the entry point to stop the rats and filled and blocked 3 No x holes. Very pleased with work, reliability and manner and would use this company again. **Customer in Surbiton, 23 April 2012**

#### Removal of squirrels from attic, cleaning gutters and repairing holes

10 / 10

They succeeded in removing the squirrels (which the council pest control failed to do), they were on time for all 3 appointments, courteous, tidy and very reasonably priced. Recommended without reservation. **Customer in Tadworth, 16 April 2012**

#### Removal of squirrels from loft, cleaning gutters and repairing holes

I would recommend this company. **Customer in Guildford, 19 March 2012**

#### Field mice

10 / 10

Responded same day as request, easy interaction with someone who knew what he was doing. I hope I will never need to use them again but would not hesitate to do so if it was required. **Customer in Guildford, 24 February 2012**
