Boiler service and replacement of pressure gauge

10 / 10

Very happy with the service to our boiler. Gary identified a faulty pressure gauge and was able to find a replacement and fit it within days despite the boiler being very old. Very reasonable price as well. Can't fault his work and would definitely use again. **Customer in Sutton, 9 September 2011**

Emergency repair and Boiler service

10 / 10

Very helpful, polite and pragmatic in finding the most cost efficient solution to my boiler problem (a transformer replacement). I was so pleased with his approach that I called him the following week for my boiler service and will now be recommending him to my friends and relatives. Good honest service deserves this appreciation and support as opposed to those money-driven gas companies advertising in the yellow pages. I always use tradesmen screened by Checkatrade. **Customer in Sutton, 4 December 2010**
