### Most Recent Customer Feedback

**New UPVC replacements of guttering, fascias and soffits (incl. Scaffolding work).** 10 / 10  
Excellent work! On budget, on time and very friendly, reliable service. Highly recommended. **Customer in Winchester, 1 December 2011**

**Installing structural steel work** 10 / 10

We gave Gary and his sons the job of removing a section of double skinned structural wall and installing a 5 metre long structural steel to replace it. They arrived exactly on time and skillfully removed the wall and maintained the structural integrity of the building. All debris was removed as efficiently and cleanly as possible. The very heavy beam was skillfully installed and brickwork made good. This family business did everything asked of them professionally and politely. I would definitely recommend them as a good quality local firm. **Customer in Southampton, 19 July 2011**

**Demolition of chimney** 10 / 10

Hampshire Property Services did a fantastic job in demolishing a high level chimney above the roof of my house. This was made easier because they were able to erect their own scaffolding and did not have to subcontract it. The work was started and completed on time, and they left the working area very clean and tidy. They are a family firm which also is nice. This is the first time I have used this company and I will certainly be using them again. I would recommend them to anyone. Many thanks to Gary and his sons for a job well done !!! **Customer in Southampton, 3 June 2011**

**Fitted double glazed windows and fire door. Painted walls of living room.** 9.8 / 10

The work was done quickly and Gary kept me informed of progress. Everything was done as I asked and Gary checked with me that everything was as I had requested. **Customer in Southampton, 16 May 2011**

**Refurbishment large property in Highfield.** 10 / 10

They did a fantastic job in all areas. In particular, they rebuilt an old conservation red brick wall and two chimneys beautifully. They renovated 4 bathrooms and kitchen +utility room, in particular Gary's tiling was perfect considering that there was not a straight floor/wall. They helped us to convert existing bed-sit rooms into bedrooms by removing old kitchenettes and electric fireplaces. They removed a stair case and made new door openings. Fixed damaged areas of the roof, etc. We were extremely pleased with their work and I found them very easy to deal with. Gary is particularly good a coming to fix anything straight away if it is not right! We will be using them again. **Customer in Southampton, 3 May 2011**
