Replacing stones on frost damaged wall and making good mortar elsewhere in garden. 9.8 / 10

Skirting Board 10 / 10

I needed some skirting board fitted in a hurry. I was recommended Bulent who came the very next day. He gave me an estimate of the labour cost and then took me to the local builders merchants in order that I could choose the style I wanted. He then fitted the skirting board the same day. He also made suggestions as to how wires could be hidden in order to give the room the best possible appearance. He was very polite and tidy and the estimate was exact. I will be using him again! **Customer in Burgess Hill, 15 March 2012**
