#### Replacement Central Heating Boiler

10 / 10

This work was carried out at the home of my elderly mother. The 'two Daves' were a pleasure to deal with - they worked hard and always strived to cause minimum disruption. Courteous and professional in every way. The site was left clean and tidy and advice was given about the controls on the new boiler. We will be happy to continue to use HHS for ongoing servicing and maintenance. We felt that the price was about right and at no time felt under any pressure to purchase. **Customer in Chichester, 15 September 2011**

#### Replacement boiler and system upgrade to current regulations

10 / 10

Very pleased with the quality of their service. All very efficient, hard working likable people, very good to deal with from the office to the installation engineers. I like the personal service, Mr Harrison reviews the work site and discusses all the aspects of the work with the customer and the installation engineer, 2 visits made during a 3 day job. I would happily recommend them to others, would use them again. **Customer in Southampton, 9 June 2011**
