Complete renovation of period property in Lindfield

10 / 10

Andy and his team really have exceeded all our expectations on our project. He came in very late in the day because we really weren't confident with our shortlist of contractors. Andy got us the quote promptly and hit the job like a whirlwind once we'd given him the go ahead, which was exactly what we needed with the short timeframe in hand. We're about half way through now and very happy with the whole team who have been excellent. Brilliant quality of work. Really great fun with our kids and also good to have a drink with at the end of the day. Most importantly we really get the feeling Andy's level of finish is going to meet our high standards and I can safely say he's the only contractor we met that gave us that confidence. We'll report back in a month or so... **Customer in Haywards Heath, 30 March 2012**

Ground floor extension, new roof, decking, refit of bathroom and bedroom, new kitchen and utility installed

10 / 10

We are now three quarters of the way through the job and things are looking good. The team have been brilliant and have put up with all of our last minute changes and kept to budget and still ahead of time. I can't recommend them highly enough. Everything is finished to a very high standard and they have gone to extreme lengths to enable us to live in the house while the work is ongoing. For example, they built us a temporary kitchen which was completely screened off from the work so that we could still cook in a dust free space. If you are thinking of doing any building work use Hayes Contracts. **Customer in Sutton, 24 February 2012**

New roof, rendering to front of house and extension

10 / 10

The scaffolding came down today and all I can say is WOW! We are so chuffed, it looks like we have a new house. Andy and the team have done an amazing job and all ahead of schedule. Work is moving swiftly along on the extension and the renovation of one of the bedrooms and bathrooms is underway too. The team makes such an effort to keep everything tidy and they work wonders with the Hoover. Can't recommend them enough. **Customer in Sutton, 2 December 2011**

Two extensions and complete refurbishment of house

10 / 10

This is the third posting I have made about our job. We hired Hayes Contracts to build two extensions, create a kitchen with the 'wow' factor and refurbish the whole house. The end result is as good as the pictures suggest on their website. Everyone who has been in has simply said 'wow'. We are delighted and have the house we dreamed of. Hayes Contracts did an excellent job and at all times were reliable, personable and professional. I have already recommended them and will continue to do so. **Customer in Warlingham, 30 October 2011**

Removal of old roof and a complete new roof fitted.

10 / 10

The job is only half way through but work is ahead of schedule. Andy and his team are tidy, efficient, reliable and have done a great job so far. The whole look of the house has been improved and we are only halfway! We are delighted and can't recommend Hayes Contracts enough. **Customer in Sutton, 17 October 2011**
