Most Recent Customer Feedback

Supply and fit of hot water heater tank

10 / 10

Excellent in every respect. Would have no hesitation in using them again and would be happy to fully recommended them. **Customer in Southsea, 24 January 2012**

New wireless control and thermostat fitted

10 / 10

Arrived promptly at time promised. Both Chris and Clair were informative and polite. Would recommend happily to anyone. **Customer in Southsea, 23 January 2012**

Boiler pump replaced and restored heating and hot water

10 / 10

I called Hillyar and Hillyar following a failed repair of the boiler by another company, they came out the same day and completed a temporary repair, identified the source of the fault and when proceeding with the recommended repair they were able to attend rapidly. A very professional, informative and friendly service provided. They install confidence and come across as knowledgeable. They took the time to explain what they were doing and why. The prices are incredibly reasonable and I would highly recommend them. **Customer in Portsmouth, 4 January 2012**

Radiators flushed through and one replaced. New valve fitted.

10 / 10

Their service was brilliant and they're really lovely people. **Customer in Fareham, 21 October 2011**

Fitting of complete oil based central heating system and solar panels

10 / 10

We had taken over a new house with no heating system at all. We had researched options carefully with a number of different companies. Chris and Claire impressed us from the outset with the clarity of their suggestions for what we could do. When they came to do the installation they were efficient and no nonsense - nothing was too much trouble and nothing seemed to be a problem that could not be easily fixed. A job on this scale was inevitably disruptive but they kept

the mess to a minimum and were a pleasure to have around. The job was completed to time and the system is working brilliantly. All this in addition to the fact that their price was extremely competitive. We have other work to do and we will definitely use them again. Highest possible recommendation. **Customer in Alton, 3 October 2011**
