Most Recent Customer Feedback

Front Door + Front Bay Window

10 / 10

I had a replacement uPVC front door fitted by Homecare after previously having a large front bay window fitted by them, so it's the second bit of work they've done on our home. The quality of the work is outstanding, the communication is excellent and this company is always very courteous and pleasant to deal with. In addition, I feel they offer very competitive quotes. They arrive on time, complete the work quickly and efficiently and leave very little mess. Overall, I'd highly recommend this company and would use them again. **Customer in Staines, 12 July 2011**

Replacement casement window and back door

10 / 10

We have used Homecare for several projects over the last 3 years, including two window replacements, installation of French doors and the installation of a porch. The staff are friendly, helpful and polite and the quality of the work is very, very good. Two chaps started work at 8.15 this morning and worked solidly for 6 hours. My new back door and casement window look great and I would definitely continue to recommend the company. I've dealt with several installers - all great; and the office based staff are very personable too. All in all, great to do business with. **Customer in London, 17 February 2011**

Installation of Air Vents due to condensation

10 / 10

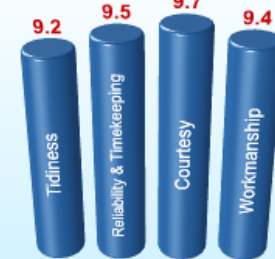

Impressed with initial consultation (survey), the advice given and work done. Impressed with Surveyor. Workman turned up on the date scheduled, was neat and tidy, you would never know there had been work done inside the house - had passifier vents install which required knocking out some brickwork from inside the house. The rooms were left clean. I would definitely recommend the Homecare Improvements Ltd and I would definitely use them again. **Customer in London, 25 November 2010**

Wood worm spray.

We were very impressed by the service received from this company and very relived to have had the work carried out so thoroughly and so swiftly. **Customer in Teddington, 23 August 2010**

Damp repairs - down pipe not attached to drain.

10 / 10

Paul did initial visit - was very thorough and I was very impressed. I'll definitely use Homecare again if I need to, thanks!
