Fixed central heating system when others had failed

10 / 10

Matt carried out the work he was methodical and despite having to take up numerous floorboards when he'd finished it didn't look as if he'd moved anything. He then took out our old gas fire and back boiler, again completely clearing up the mess. He was very courteous and friendly. I cant recommend him highly enough. **Customer in Horsham, 3 February 2012**

Removal of back boiler and new condensing boiler fitted

Both members of the team were courteous and considerate, Eric kept me informed at all times of the work that needed to be done. The work was completed to a high standard and Eric cleaned up after himself and ensured that I was happy with the boiler and the operating instructions before he left. He also made it clear that if I had any problems to give him a call and he would come back. I am very happy with the professional service I received and would not hesitate in recommending or using Horsham Gas Services in the future. **Customer in Horsham, 21 November 2011**
