Replacement soffits, fascias and gutters

10 / 10

This was the second time we have used Howard Caine, having had replacement windows installed in 2010. Once again Andy, and his team. Have produced work of the highest standard. I have no hesitation in recommending this company. **Customer in Tonbridge, 29 January 2012**

New conservatory

10 / 10

Andy and his guys did a great job for us. We had been let down by a previous company which had cost us time and money so were very relieved when they turned the job around in just a few weeks from ordering to installing. They were extremely punctual and courteous and we are really pleased by the quality of the product and the workmanship. We would not hesitate to recommend them as a company. **Customer in West Malling, 17 January 2012**

New conservatory

10 / 10

We had been let down by a previous company and were encouraged initially by the positive customer comments on this website. Andy and his guys took only 3 weeks in between ordering and starting work on the conservatory. They were punctual and friendly, arriving early each morning and we were impressed by their service and the workmanship on the finished product. We would very happily recommend them to anyone. **Customer in West Malling, 9 January 2012**

Conservatory leak fixed

10 / 10

I was extremely pleased with the service provided to fix a leak in the roof of my conservatory. The guys were very pleasant and tidy. I also very much appreciated them taking the time to explain the nature of the leak and how they were going to fix it. I'll certainly call them again should I need them. **Customer in Tonbridge, 4 January 2012**
