Major house renovation

9.5 / 10

I wouldn't hesitate to recommend HW and C. Their reputation is of paramount importance to them and therefore they constantly strive to exceed expectations and deliver outstanding customer service. A real "can do" approach to building projects. Our project has lasted for over 10 months (as predicted) and there has been no problem that has not been amicably resolved and dealt with. They are incredibly honorable company trying to do the best job they can in quite often difficult circumstances. We wish them all the very best and have thoroughly enjoyed working with them. **Customer in Cranleigh, 16 November 2010**

Single storey extension and refurb /alterations to existing house

9 / 10

We have been very happy with our "new" house which we now have to decorate! Pete and Phil are a pleasure to have around along with their team. As they say they are just down the road if we have any problems/snagging - and they are true to their word. Although it is not always straight away - sometimes due to the weather! Happy to recommend them and have to several friends already. We did have issues with the plumbing but the plumber was sacked and all the problems were sorted out by a new person straight away and without question. The Bookers also dealt with our Mission Creep with the utmost patience and tact! Real Gentlemen, **Customer in Godalming, 14 December 2009**

Ground floor extension to kitchen and dining room
