Although this company could not actually do the work they were very helpful and tried to give us advice. **Customer in Burgess Hill, 12 April 2012**

Renovation of Investment Property and Main House 10 / 10
Ian started work on our investment semi in Haywards Heath in June 2011 which was a total renovation. He is both honest (very rare in the building trade!) and an extremely good builder. We have had him back to do many jobs on our main home and I would have no hesitation in recommending him to the most discerning of customers. **Customer in Haywards Heath, 3 March 2012**

Bespoke works to open tread staircase including fitting of risers and toughened glass panels; decoration; re-plastering ; making and fitting of bespoke cupboard; fitting new door. 10 / 10
We are delighted with the quality of all the work carried out by IDM Joinery. We have been seeking to improve the safety and appearance of our 1960s open tread staircase for some years. Ian Mottram was the first trades person able to propose a cost-effective, creative bespoke solution. All works were carried out to an exceptionally high standard. Ian outlined a range of options to us as work proceeded, communicating the pros and cons very clearly. We are very happy to recommend the company. **Customer in Haywards Heath, 4 February 2012**

Changes to kitchen cabinetry plus repair and re-glazing of extension 9.5 / 10
Good advice on best ways to tackle work and very high quality result both on the actual joinery and paint finishes. Very hard workers which resulted in rapid progress (when weather allowed on external work). Would use again. **Customer in Haywards Heath, 10 November 2011**
