Most Recent Customer Feedback

Complete new boundary wall 40metres long

10 / 10

The work was undertaken in a very professional way. Everyday we were told what was to be done. The builders on site were the cleanest I have ever seen. They even replaced all the soil taken out before the job started for foundations which was not part of the quote at no extra cost. Absolutely superb **HIGHLY RECOMMEND Customer in Brighton, 27 April 2012**

Boiler was explosive on ignition.

10 / 10

I couldn't be more pleased. The whole C.H. System is like new with even heating, soundless operation and none of the weeks

long former start-up problems. Engineer was totally clean, quick and clearly understood the whole system and knew what to do. Price completely fair. **Customer in Camberley, 17 April 2012**

Installation of new concrete lintels to Victorian building

10 / 10

I have been working with Mark and his team for some years now and always find him knowledgeable, punctual and quick. He makes an exceptional job of all his contracts and is a genuinely nice fella to deal with. **Customer in Brighton, 17 February 2012**

Internal alterations and new build

9.8 / 10

Very Good contractor. Knowledgeable about building works generally and able to give advice. Good quality finish. **Customer in Brighton, 14 November 2011**

Single Storey Rear Extension

10 / 10

Mark and his team are a breath of fresh air to deal with. Being a builder myself, it is very important to work with trades that I can trust to carry out the work to the high standard that I expect. In the City Builders has completed several extensions, patio's and building alteration projects for me and I am delighted to say that the high standards, professional conduct and efficient service is maintained every single time. To find all these great qualities in one place is very rare which makes Mark and his team a pleasure to work with. Wether you are in the trade or a private customer, I would recommend his services highly. **Customer in Hove, 4 November 2011**
