Most Recent Customer Feedback

Re-fix radiator to lounge wall

9.8 / 10

Reasonably priced. Came the same day and were punctual. Would use again. Persevered with this fiddly job as the house is 100 years old, and the wall is showing its age! Thank you. **Customer in Portsmouth, 24 November 2011**

Renovation and conversion of Outbuilding into a Utility Room

10 / 10

There really should be photos to fully show the excellent transformation of my dilapidated outbuilding into a modern utility room with toilet. This is the third project that J&M Building Services has completed for me and throughout the professionalism and quality of workmanship have both been to a high standard. I would recommend J&M Building Services to anyone considering using their services. **Customer in Portsmouth, 2 September 2011**

Kitchen Replacement and Refurbishment

9.8 / 10

I am extremely pleased with the work that was done on my Kitchen. Jim exceeded my expectations with a job that was very trying. I had purchased my kitchen from the internet (which I do not recommend) which was incomplete and difficult to fit because of the poor quality. However, given the difficult materials to work with Jim persevered and I now have a complete kitchen which has been fitted to a very high quality. Because of my mistake in ordering poor quality materials there were additional costs that I had to bear due to the additional labour and materials, Jim was very understanding and fair with his prices for this additional work. I would very much recommend J and M Building Services Ltd. To anyone thinking of having any building work done on their house. **Customer in Portsmouth, 23 July 2011**

Bathroom and Toilet replacement

9.8 / 10

The Bathroom and Toilet were completed to my satisfaction - the quality of workmanship and materials were both to a high standard. Additional work that was required was brought to my attention in an open and honest way and additional

costs were very fair. All round I am glad I employed J and M Building Services to install my new Bathroom and Toilet and would most certainly recommend them to any one looking for a builder. **Customer in Portsmouth, 17 June 2011**

Bathroom installation

9.8 / 10

Work completed to a high standard. Very pleased with the results. Good communication when changes needed to be made to plans. Would definately use again. **Customer in Portsmouth, 25 April 2011**
