### Most Recent Customer Feedback

#### Rot repairs to garage door frame

10 / 10

Neatly spliced in the replacement wood. Suggested way of stopping water entering garage. Carried out both items of work efficiently at a reasonable price. Would definitely recommend Mr Brett. **Customer in Sutton, 19 May 2012**

#### Creaky stairs fixed

9.8 / 10

This man is a GENIUS. He was honest and upfront that he normally needs access to the underside of the stairs to make any improvement, and couldn't promise results. Our brand new loft stairs were badly put in and horrendously creaky - not what you want in a house with two small babies! We removed the carpets, and after an initial timelapse trying to find a mutually convenient time, Johnny arrived with a colleague. They spent about two hours with some magic glue, and a load of screws, and we now have virtually sound-free stairs. He even recommended a good carpet fitter to refit the carpet the following day. We were truly amazed, and very grateful! **Customer in Epsom, 9 May 2012**

#### Installation of Quick Step laminate flooring to lounge.

10 / 10

Johnny and Nick did a fabulous job. It was carried out efficiently in two days. A very neat job with minimum inconvenience. Would happily recommend them and would certainly use them to carry out work for us in the future if it was needed. **Customer in Purley, 18 April 2012**

#### Two doors hung with all furniture to a perfect fit

9.8 / 10

Always immaculate, wife likes them in the house, would not use anybody else. **Customer in Ashted, 17 April 2012**

#### Made to measure new doors for bedroom units

10 / 10

We have fitted bedroom furniture but the old doors looked tired and dated. Johnny brought samples and pictures. The work was carried out efficiently - the doors (small for some cabinets and tall wardrobe doors) look much more modern

and are a perfect fit. I am very pleased with the quality of the work and would recommend his services. **Customer in Tadworth, 4 April 2012**
