Reduced Leylandii's

10 / 10

We were told they would arrive between 8.30am and 9.00am and they arrived at 8.45am. They left at 2.30pm. All of them were very polite and extremely hardworking. They reduced the trees from 15+ feet to 9 feet. They did a great job of clearing up after the job was done. We will happily use them again when the trees need reducing again or grinding them out, whichever we choose. Very good value for money.

Many thanks

Removal and Pruning of trees

10 / 10

Has made three visits to our holiday home and provided a great service each time. Removed a broken limb of a tree which came down due to weight of snow. Returned to remove the tree as it was then dangerously off balance having lost a part. Due to excellent work, was booked to do further work in the garden on another tree that had been left to grow for far too long! **Customer in Hayling Island, 4 March 2010**

Hedge reduction, conifer removal, general tidy up
