Most Recent Customer Feedback

Complete electrical re-wire of house and out buildings 9.5 / 10

We had some very bad luck with trades in the building industry, but Jon was professional, extremely knowledgeable and friendly. A real pleasure to work with. **Customer in Burgess Hill, 19 January 2012**

Power fail - Gave advice over the phone 10 / 10

Phoned this trader as we had a power fail. He gave me advice over the phone as to how to get it up and running again, which took up a lot of his time, he was extremely patient. I offered to pay him but he said no! AAA*** **Customer in Billingshurst, 12 December 2011**

Electricity. 10 / 10

He explained what had happened and details of working the fuse box, this was very helpful, it was simple to put right and he didn't charge me, I would recommend this company. **Customer in Horsham, 23 November 2011**

RCD electrical on board safety tests and unit. 10 / 10

Jon was very polite, very helpful and stayed until the job was finished, Very professional, I would recommend this company. **Customer in Crawley, 16 November 2011**

Fault found the cause of power failure to property 10 / 10

John Wellman arrived promptly following a call re power loss at my home, the lights were working but nothing else. He came in with the equipment needed to test the circuits, found the cause within 10 minutes and explained what had happened. It was corrected without the need of any other tools but he took the trouble to show me the various switches on the fuse box and what they controlled. **Customer in Horsham, 2 November 2011**
